Dear Ms Allen

**US patent number 7210319 (serial number 10/727488)****1<sup>st</sup> maintenance fee due 01 November 2010**

We refer to the above mentioned patent, for which we have paid the 1<sup>st</sup> maintenance fee via our deposit account at the small entity rate. However, we are now advised by our client that large entity status applies. We therefore authorise you to charge an additional \$490 to our deposit account number 04-0750, as well as any deficiency in the payment of the required fees.

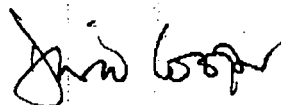

Please find attached a declaration asserting the loss of small entity status. We kindly ask you to update your records accordingly.

Thank you in advance for your assistance.

Yours faithfully

For DENNEMEYER &amp; CO

Your Ref.: 11634 3781  
In the name of MUL-T-LOCK TECHNOLOGIES LTD.

Dear Sirs,

According to the US Patent Office the owner of the above patent is listed as a small entity. Please advise whether **MUL-T-LOCK TECHNOLOGIES LTD.** is indeed the present Assignee of this patent, and confirm to us whether the entity status is correct.

If the Assignee is now different (because of change of patent owner, company acquisition or company merger) and/or the entity status has changed then we will need a Letter of Assertion in order to register the change of entity status at the USPTO and to allow our payment of the maintenance fee at the appropriate tariff. Please refer to the enclosed "draft" and return any Letter of Assertion to us, as an email enclosure, if possible before the maintenance fee due date.

Please note that assignments must be officially registered at the USPTO. If any assignment has not been registered, this petition may be rejected.

Thank you.

Best regards

David Cooper
